

The compact, bright, Worklight everyone is asking for!

- Patented Rough Service PLS-13 lamp in all Stubby® models is 10 times more impact resistant than competitors' non-rough service lamps.
- Most models have SJTOW all-weather, oil-resistant cords.
- Protected on-off switch can be operated by depressing domed end of light.
- Quality features such as virtually unbreakable spring steel hook and polycarbonate outer tube make for a long lasting light!
- A tool tap is available on cord models.
- Lamp produces 900 lumens of light.
- Most models are UL and C-UL listed.
- For more information on the Stubby® Worklight, please see brochure No.'s 9039-0005 and 9039-0036.
